

ROOSEVELT HAS SHARP WORDS FOR GOV. DENEEN

COLONEL SAOS ILLINOIS EXECUTIVE HAS TOLD WILLFUL FALSEHOOD ABOUT HIM

Maintains That He Grew To Feel Hearty Con- tempt for Governor During National Con- vention—Calls Deneen Unfit To Occupy Any Position If Trust.

Chicago, Oct. 12.—Col. Roosevelt, on his arrival in Chicago to take part in the national convention of the Republican party, gave out a statement in reply to Governor Deneen's recent reference to the contests in the Republican national convention. Col. Roosevelt's statement follows:

Says Deneen Spoke Falsely.
"I have not hitherto assailed Mr. Deneen. Mr. Deneen has now seen fit to assail me by deliberate and willful perversion of the truth. Mr. Deneen says that I asked him to limit his resolution concerning the contests to thirty-four of them. This is a falsehood.

"I had no private dealings with Mr. Deneen during the Chicago convention. During that convention I became convinced of his shuffling and double-dealing. I grew to feel a very hearty contempt for him and entirely to distrust his sincerity and loyalty to the people's cause. All the conversations about the contesting delegates were held with literally scores of leaders. At one time we, all of us, discussed at length the question whether in addition to the fight for all the contested seats to which we were entitled, we should not also introduce a special resolution affecting the four states of Washington, California, Arizona and Texas, selecting these states because of the infamy of the Taft action in them was not only so great, but so evident, and easily understood that we believed that even the bought and purchased delegates themselves, the rotten-borough delegates themselves, the boss-controlled delegates of Barnes, Penrose and Guggenheim would not dare to show the cynical regard of decency necessary in order to deprive the Roosevelt delegates of their seats. This is the only possible proposal to which Mr. Deneen can refer, and this proposal was discussed at great length and openly by at least a couple of scores of the leaders. It was a proposal precisely in line with the action that was afterwards taken when we called for a separate vote on the California delegates, simply because in this case the facts were uncontested; and if there was the slightest hope of persuading the convention to act decently on any case, it would be in this case."

Charges Short Memory.
"Mr. Deneen when he utters falsehoods should cultivate his memory. He continues by saying as quoted in the Inter Ocean, his special organ, and up to day before yesterday the organ of Mr. Lorimer, that had all these 34 contests been decided in favor of me, I would still have been in the minority. Mr. Taft was nominated by 21 majority and the change of 34 votes therefore would have put him some 40 odd in the minority. Mr. Root was elected permanent chairman by 56 votes over Mr. McGovern. We would have been defeated for permanent chairman by a change of 34 votes from his column to that of Mr. McGovern. Mr. Deneen knows this perfectly well and he is trading on the short memories of people when he tries to assert that the contrary is true."

Classes Deneen With Lorimer.
"Mr. Deneen's statement that the man who prevented the change in the southern representation four years ago was I, is an untruth."

ROSE REMAINS FIRM UNDER HEAVY FIRE

CROSS EXAMINATION FAILS TO CHANGE HIS STORY.

Testifies That He Got the Gunmen to Kill Rosenthal at Becker's Bidding and That He Paid Them \$1,000 for Becker.

New York, Oct. 12.—Long hours of cross examination failed to night to make "Bald Jack" Rose vary his story of the part he played and the part he says former Police Lieutenant Becker played in the murder of Herman Rosenthal, the gambler.

"Becker told me," he said, "that he wanted Rosenthal murdered, shot, creaked or dynamited. At his bidding I got the gunmen to kill Rosenthal. I hid after the murder. I saw Becker that morning and later talked with him over the telephone. I paid the gunmen \$1,000 for Becker and told them he said not to worry but to lay low. I gave myself up and became a state's witness because Becker deserted me like a dirty dog and was getting ready to throw me to the wolves."

Adjoins Until Monday.
Judge Goff convened the afternoon session of court at 2:15 o'clock and shortly before to night he declared adjourned until Monday. John P. McIntyre, Becker's lawyer at the time, protested he was on the verge of collapse. Court, jury, counsel, witnesses and the accused had been without food since noon.

"I warned you," he told John E. McIntyre, Becker's lawyer, early in the evening, "that we would finish this cross examination if we had to sit till midnight. I meant it."

"I am on the verge of collapse," pleaded Mr. McIntyre.

"Proceed with the case," was Justice Goff's reply.

Not for three hours thereafter was court adjourned.

Becker, cool and stoic, leaned at the table at which he sat during the long cross examination. Twenty feet back in the first row of seats usually reserved for spectators, sat his wife. Her eyes were for her husband, rather than the court. Only once he glanced back at her and smiled.

Rose Unruffled by Order.
"Bald Jack" Rose was unruffled by the ordeal. Once he faltered when Becker's lawyer hurled questions at him, each ending with "and when you said that you lied, didn't you?" Once he leaned forward, buried his face in his hands and tottered on the stand. He seemed about to faint and the court quickly ordered a halt in the proceedings. Within a few minutes he was refreshed and the cross examination was continued. Rose admitted time after time that he had lied, had perjured himself, had been a gambler and had engaged for twenty years in illegitimate business. He said he was testifying to save his own life, but said he was telling the truth now. He said he had concluded to become a state's witness only when the electric chair stared him in the face and added that he was not ashamed of his determination. Without emotion, in a slow drawn, he said he had deliberately planned, at Becker's behest to put Rosenthal where he never would worry anybody else. He knew, he added, that it was a terrible deed to plan.

"Where was your conscience?" thundered Becker's lawyer.

Never Consulted Conscience.
"I never consulted conscience," he replied, slowly and evenly without a tremor or a break in his voice.

"Have you got a conscience?" demanded the lawyer.

"I don't know," he said, measuring his words and facing the lawyer squarely. "I never saw it."

"Do you intend to lead a respectable life?"

"Yes, but not in this community. I value my life too much and I wouldn't be a free man here."

With words tumbling over each other in his haste, Rose declared that he had been a "true friend" to Sam Schepps and Harry Vallon and had interceded for them with the district attorney. Throughout Rose declared that he had no motive of his own for killing Rosenthal, but had acted solely at Becker's dictation. Time and again McIntyre asked alleged conversations between Rose and men of the underworld apparently in an attempt to prove that Rose himself designed the gambler's death.

"No such conversations ever occurred," was his reply to this question. "But you were Becker's graft collector, so you say?"

"I was."

Not once during the day, however, were Rose's methods of collecting alleged graft, the subject of a question.

SUFFRAGETTES START FOR LONDON
Edinburg, Scotland, Oct. 12.—A small army of suffragettes set out today from this city to march to London where they intend to present a petition to Premier Asquith. It is believed the march will take about six weeks, those participating expecting to cover about ten miles a day.

At every stopping place on the way meetings will be held.

IDENTIFIES LETTER IN DYNAMITE TRIAL

FORMER STENOGRAPHER FOR McNAMARA IS CALLED AS WIT- NESS.

Government Seeks to Show That Iron Workers' Union Appropriated \$1,000 a Month to Aid McNamara in Dynamiting Work—Charge Made That Defendants Are Linked Together in Guilt.

Indianapolis, Oct. 12.—Miss Clara E. Smith, stenographer formerly employed by John J. McNamara now in prison in California, at the "dynamite conspiracy" today identified a circular letter as having been addressed to all local unions of the International Association of Bridge and Structural Iron Workers, notifying them of a temporary suspension of a detailed accounting of the union's finances. It was in this letter, that the executive board, the attorney charged, headed by President Frank M. Ryan in 1906, began allowing \$1,000 monthly to McNamara who secretly might carry on the explosions which continued until his arrest in April, 1911.

Identified Letter.
Miss Smith was the first former employee of the iron workers to testify. The purported circular letter, stating that the executive board during the fight against the open shop employers had decided to suspend the rules, was handed the witness. She identified it, and said it was mailed to all local unions by direction of J. J. McNamara, their secretary-treasurer of the union.

Miss Sylvia C. Smith and Mrs. A. J. Hall, Omaha, Neb., also employed by McNamara as stenographers, identified letters taken from the iron workers' files after the headquarters were removed from Cleveland to Indianapolis. Many of the letters, the witness testified, bore in McNamara's handwriting "referred to executive board" or "referred to F. L. Ryan."

Charge Conspiracy Through Mails.
They were the letters which the government, in its opening statement said would show that a dynamite conspiracy was conducted through the mails and which show the defendants to be "linked together in guilt."

Witnesses identified letters as having been received from W. Bert Brown, Kansas City, Mo.; Edward Smythe, Peoria, Ill.; J. Paul Morris, St. Louis; Fred Moore, Duluth, and Moulton H. Davis, West Chester, Pa., all of whom are defendants.

MRS. SAYLER RELEASED.

Earned Six Months Off Three Year Sentence by Good Behavior.
Joliet, Ill., Oct. 12.—Mrs. Lucy Sayler, of Crescent City, Ill., who was sentenced to three years in prison as an accessory to the murder of her husband, John Byron Sayler, completed her sentence and was released from the penitentiary to day.

She was committed on May 7, 1910, and earned by good behavior six months off.

The Crescent City murder in July, 1909, was one of the most sensational crimes Illinois has known in many years.

Dr. William R. Miller, who was accused of being on friendly terms with Mrs. Sayler, was convicted as the actual slayer and was sentenced to twelve years in prison.

John Grunden, the aged father of Mrs. Sayler, who was indicted as an accessory, was acquitted.

GATES5 BENEFICIARY WEBS

Henry R. Baker Marries Nina Carson, Who Accompanies Him to Colorado as Nurse.

Colorado Springs, Colo., Oct. 12.—Henry R. Baker of Aurora, Ill., nephew of the late John W. Gates, and a beneficiary under that multimillionaire's will was married here today to Miss Nina Carson of St. Charles, Ill.

Baker, seriously ill, was brought here several months ago accompanied by Miss Carson as nurse.

The romance of Henry R. Baker and the girl who today became his wife began back in their childhood days, long before Baker had any hope of being generously cared for by his millionaire uncle.

When Baker was first made the beneficiary of the \$250,000 fund created by John W. Gates it was on condition that he give up Miss Carson and attend a college, this he at first agreed and later found his love for Miss Carson so strong that he quit college.

Last June the doctors advised him to go west for his health. This he refused to do unless Miss Carson went along.

WAR VETERAN DIES.
Chicago, Oct. 12.—Consider H. Willett, hero of the storming of Fort Fisher, N. C., in the civil war, died at his home here to day after an illness extending over ten years. He was 72 years old.

Mr. Willett was one of the oldest lawyers of Chicago.

FEATHERWEIGHTS MATCHED.
Columbus, O., Oct. 12.—Johnny Kilbane of Cleveland, champion feather weight of the world was matched tonight to meet Johnny Albanese, a promising member of his class, in this city October 24, in a ten round bout.

GRANTS TURKEY THREE DAYS GRACE

ITALY SECONDS EFFORTS OF POWERS IN GRANTING DELAY.

If by Tuesday Evening the Turkish Government Is Not Prepared to Sign Protocol Italian Fleet Will Be Dispatched to Strike Vital Blow.

Paris, Oct. 12.—Italy to night granted Turkey three days grace to decide whether it shall be peace or a continuance of the war. If by Tuesday evening the Turkish government is not prepared to sign the protocol the Italian fleet will immediately be dispatched to strike a blow at a more vital part of the Ottoman empire than has yet been reached.

Italy, in granting a fresh delay in the peace settlement is seconding the efforts of the powers. The Italian ambassador, Signor Tittoni, had three conferences to day with M. Poincare, the French premier. Italy's desire for peace is explained on the ground that she fears complications might follow an attack by her on a port in European waters or in the vicinity of these waters. Diplomats find it difficult to believe Turkey will maintain her demands made at the last moment. The terms were all agreed to when the Ottoman government suddenly proposed that the clauses favorable to Turkey should be immediately effective while the application of those unfavorable to Turkey should be postponed until ratified by the Ottoman parliament.

As an instance, Turkey accepts the clause that the Aegean Islands shall immediately revert to her, but demands that the Turkish troops in Tripoli shall remain pending the action of the Ottoman chamber.

JOHNSON MADE TWO SPEECHES SATURDAY.

Addressed Audiences in Pennsylvania—At Pittsburgh William Flinn Gave Confession of Faith as Current Raiser.

Pittsburgh, Oct. 12.—Governor Johnson made two speeches in western Pennsylvania today, one at Washington this afternoon and another here tonight. Before he took the platform, however, William Flinn made a "confession of faith" to the crowd in which he explained that he was a Progressive because he has the future of the country at heart.

"People tell me that a man in my position should be for Taft. I tell them they don't know there is a volcano under their feet. We have to do something and do quick if we want to save this country. This Roosevelt movement is intended simply to stop the drift of the nation into Socialism."

Flinn said he urged Col. Roosevelt to run because he had selected Taft as was responsible for all the trouble.

Both of the governors' speeches were reviews of the Chicago Republican convention and a general discussion of the Progressive platform. He will spend Sunday here.

GREEKS MAKE "RUN" ON POSTAL BANK

Draw Out Money in Order to Start War With Turkey.
Omaha, Oct. 12.—A "run" on the Postal Savings bank at South Omaha today by 100 Greeks made it necessary for that institution to call on the treasury at Washington for funds. The Greeks, who have been heavy depositors, withdrew their money in order to start to aid their country in event of war with Turkey. An emergency fund is kept in Washington to meet such demands but this is said to be the first time a call has been made against it to meet withdrawals. The fund kept on hand at the South Omaha postal bank is not large and today's heavy withdrawals were unexpected. While authority to draw on the government's local postal bank deposits was being secured by wire, local banks furnished funds for temporary requirements.

The withdrawals today were made entirely by Greeks, who immediately secured tickets to New York, whence they will sail for Athens early next week.

The "run" is considered as having no significance from a financial viewpoint.

SCOTTISH MASONS ADJOURN.

Third International Conference Will Be Held in Lausanne, Switzerland.
Washington, Oct. 12.—The second international conference of Scottish Rite Masons, which has been in session here several days, adjourned today after a short business session. At the final meeting it was decided that the third international conference will be held at Lausanne, Switzerland, in May, 1917. The supreme councils of Serbia and Roumania were formally recognized at this conference. They were compelled to take the supreme councils of Greece and Peru respectively, as their fountains of origin. The question of recognizing the supreme council of Holland in the international conference was discussed. It is understood that it was decided affirmatively.

NINETEEN ESCAPE FROM PRISON

CONVICTS TERRORIZE RAWL- ING, WYOMING CITIZENS.

Led by Jim Dalton, Escape Through Break in Prison Fence—Four Are Caught—Ten Still at Large.

Rawling, Wyo., Oct. 12.—Nineteen convicts, led by Jim Dalton, member of the Whitney gang of bank robbers, escaped through a break in the fence surrounding the penitentiary yard this afternoon. Ten were still at large tonight, including Dalton and the possibility of their re-capture was remote. The town is being patrolled by armed citizens.

The reign of terror which holds the town tonight began this afternoon when through the streets of the northern part of town nineteen men in the prison uniform ran in a body.

Horses tied in front of stores were seized by the leaders and riding at break-neck speed they raced through the town to the hills, outdistancing the guards that closed in on the rear of the fugitives. Meanwhile four of the convicts captured a grocery wagon and compelled the boy driver to race for the hills.

Four of the fugitives were caught half an hour after the outbreak and a fifth was captured later. Three were cornered in another canyon but have not been taken. Early tonight four fugitives were discovered hiding in a barn near the prison. Two were captured, the others escaping. A little later Warden Alston arrived with two men he had taken single handed.

GREAT FLEET ASSEMBLES.

All in Readiness For Review by Secretary Meyer and President Taft.
New York, Oct. 12.—Lights blazed aloft and shone tonight when the great fleet assembled here for the president's review.

The spectacle drew tens of thousands of persons to Riverside Drive, where a good view could be obtained.

The illumination will be repeated Sunday and Monday night.

Monday is the day for the review of the fleet by Secretary of the Navy Meyer, and Tuesday the culmination of the naval program will come with the review by President Taft.

Tonight's illumination crowned a noble day of activity on land and sea.

One function of the day was a luncheon at the Union League club in honor of Rear Admiral Osterhaus, his staff and Mayor Gaynor, under the auspices of the mayor's committee.

BODY CUT IN TWO.

Pey Lives Two Hours and Talks With Mother After Accident.
Chicago, Oct. 11.—Richard Roland, 10 years old, his body cut in two by a railway train, died at a Chicago hospital to day after a period of unconsciousness lasting more than two hours.

Roland's body was severed just above the hips. His mother went to the hospital and talked with him before he died. The attending physician was at a loss to explain how the boy could retain consciousness for so long a time.

The boy, while hanging beneath a freight train, lost his hold and fell under the wheels.

HITCHCOCK PLACES LARGE SCALE ORDER.

Orders 30,000 Scales For Use in Postoffices For Parcels Post Service.
Washington, Oct. 12.—Postmaster General Hitchcock today placed the largest single order for scales ever made 30,000. They are to be used in postoffices for the parcels post service and will cost \$77,300. Two hundred of the largest offices and their branches will be supplied with automatic spring scales, 10,000 smaller offices will be equipped with high grade beam scales and other offices will receive the best spring balances, each with a capacity of twenty pounds.

ACQUITTED OF MURDER.
Chicago, Oct. 12.—Mrs. Sadie Blaha was acquitted today on a charge of murder, making the seventh woman to be found not guilty of a capital offense in Cook county criminal courts in the last few months. She was charged with having shot and killed Morris Sturin, a salesman, in her saloon on November 6, 1910, and was found guilty at the first trial of the case. Later she was granted a new trial on the plea that she was not properly represented and at the second trial she was acquitted.

KEARNEY RESIGNS.
Clinton, Ia., Oct. 12.—Supervisor Frank Kearney, whose case was scheduled for hearing next Tuesday on ouster proceedings under the co-sion law, resigned today which automatically dismisses the proceedings. He is the second of the county officials involved in the county house scandal to resign under fire.

WAR CLOUD SETTLES OVER ALL EUROPE

NO RAYS OF PEACE STRIKE THROUGH ENCIRCLING GLOOM.

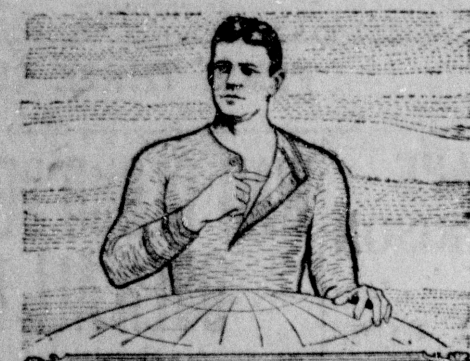

Nations Fear That General Explosion Is Not Far Distant—Collective Note of Powers to Turkey Is Published—Sultan Issues Proclamation Urging Army to Fight Worthily.

London, Oct. 12.—The war cloud has settled over Europe as heavily and gloomily as the fog which has enshrouded London for most of the week. No rays of peace strike through from any quarter. Montenegro continues to assail the Turkish forces but the cracklings along the border are as mere fire-crackers compared with the general explosion which is confidently expected within another week.

Supreme Test Fails.
The historic "concert of Europe" in the supreme test has failed to suppress the Balkan clash which it averred time after time in the past quarter of a century. The final exhibition of the helplessness of the great powers was given in the collective note to Turkey published today. That note, which was the best they could devise after earnest negotiations merely states that they will discuss reforms with the sublime porte and gives no promise of any results which might placate the Slav nations.

The Turkish cabinet has been engaged in framing a reply to the note, but at the same time the Sultan foreshadowed the nature of the reply by the issuance of a proclamation for a general mobilization, which is a formal notification of what Turkey has been doing the last fortnight and an exhortation to the army to fight worthily.

cotton underwear will welcome
Duofold, the ideal underwear.

It is practically a double garment, warm
wool on the outside where sheep wear it,
soft cotton next the skin. These light
weight fabrics are held together by widely-
spaced stitching. The garment is always
fresh and dry because the air circulates
between the fabrics.

ANNUAL LUNCHEON OF WOMAN'S CLUB

Year's Work is Opened by Exer-
cises Held at Christian Church—
Program For Year and Commit-
tees Named.

The annual luncheon of the Wom-
an's club, which opens the work for
the year, was held Saturday after-
noon at the Central Christian
church. Following the luncheon a
list of toasts were given and the
program for the ensuing year was
presented.

There was 120 members present
and those receiving the blue were
Mrs. W. A. Furr, Mrs. Mary

Conservation

There's lot of talk these days about con-
serving the forests and other national re-
sources and it's important talk, too. That's
a national interest. But the question that
has a more personal interest is that of con-
serving one's own resources.

USING GOOD MATERIALS

One sure way of private "conservation" is to use the best
materials when you build. Using the best in Jax means build-
ing with our lumber. There is something individual about Craw-
ford lumber. Every piece has been selected with care and will
stand the severe test of time.

Pure Flavoring Extracts

If you buy flavoring extracts by price and quality you will
give us your business.

The trade with one accord concede us leadership in goods of
this character.

WE ARE SPECIALISTS TODAY.—In that we are manu-
facturing our own extracts. These extracts are made in our own
pharmacy by our pharmacist, R. A. Keuchler, and only the purest
of fruits and juices are utilized.

It has been our constant endeavor to reduce the selling price
of extracts and at the same time to keep up the high quality.
To day our extracts are of absolute and guaranteed purity and for
this very purity and strength they far excel in quality extracts
sold in fancy bottles and cartons. Strength and purity are the
real essentials of value in extracts and measured by this standard
the Roberts extracts are unsurpassed.

We specialize on extracts because of the especial advantages
we have for manufacturing them. We specialize in flour and
coffee because we were fortunate in selecting "SLEEPY EYE"
flour as the very highest grade flour and in securing the source of
our now admittedly high class SIX BLENDS OF COFFEE.

Our offerings of fresh and green goods in vegetables and
fruits is complete to day and every day.

POLITICAL COMMENT.

There remain but three weeks now until election and the lines are being drawn closely. Possibly never in the history of the country has such another campaign been waged. There has been comparatively little speaking save by the heads of the national tickets and a few candidates for state offices. There have been none of the torch light parades and noisy demonstrations which have marked other years. Nevertheless the campaign has been waged with vigor and as the end approaches the situation becomes more intense.

The indications of recent days point to a gain in strength for the entire Republican ticket. Republicans who had been looking with some favor upon the candidates of other parties are coming to see that to vote the Republican ticket means a vote for a continuance of the present prosperous business conditions. For weeks the trade reviews sent out by the unbiased commercial agencies, Dun's and Bradstreet's have shown conditions to be prosperous the country over and that business is looking up in all classes of industry. True this may in part be attributed to the record breaking crops which are now being garnered. But it is true also that good crops would not alone spell prosperity had not the business world confidence in the present national administration. A vote for President Taft means a vote for a continuance of prosperous times; a vote for a safe and sane administration of the nation's affairs.

Undoubtedly there has been a great rallying during recent days to the state Republican candidates and the harmony in the party in support of Governor Deneen. Andrew Russell and other state nominees as shown by the round up and love feast at Springfield the other day was in reality a surprise to the party leaders. Men who have until recently been supporting the third party state ticket are seeing that a vote for their third party candidate is simply a vote in favor of Judge Dunne and his associates. A study of the Deneen administration reveals little to find fault with for an unbiased observer. The complaint against Deneen most frequently made is that he is cold and austere and the facts of his record as an executive are studiously avoided. During the Deneen administrations the state has enacted a vast amount of progressive legislation directly to be credited to his influence. The state's methods of doing business have been improved and revised in an unheralded sort of way but in a way which has meant a great saving to the people of Illinois. Under Deneen Illinois has had eight years of honest, efficient, progressive government.

The candidacy of Andrew Russell for the state treasurership will appeal to voters who desire to have a man elected for that office who is entirely trust worthy and whose experience gives a promise of efficiency. During the two years that he held the office Mr. Russell introduced various reforms in the management which resulted in saving for the state. A banking experience of thirty-eight years has certainly given Mr. Russell a thorough knowledge of financial matters and methods and he is undoubtedly qualified to handle the finances of the state. His unimpeachable character coupled with his business experience will be a large factor in winning votes for him in the coming election.

The Republicans nominated for county offices will serve the people well if given majorities November 5. John A. Rawlings has held the office of circuit clerk and recorder for four years past and measured by the standard of good conduct in office has been kept up in excellent form and a number of improvements and reforms have been introduced in office affairs.

Allison Thomason has lived in Morgan county all of his life and is familiar with the needs of Jacksonville and Morgan county. He is a man of high character and of undoubted business ability and would be a valued member of the county board. To defeat him means that all three members of the board would belong to one party. In the past, men of both parties have agreed that it is a wise arrangement to have both the Republican and Democratic parties represented.

Good Smoking Every Day

Every smoker in Morgan county ought to know about Pyatt's Cigars, for using Pyatt's means cigar satisfaction every day in the year. There are lots of cigars on the market but there are few of them that have so long stood the test of experience. Pyatt's cigars represent the accumulated knowledge of half a century of cigar manufacturing. If you do not use some of these you are missing something Mr. Smoker.

CORN GROWERS

The attention of corn growers is called to the announcement, in another column, of the annual corn contest of The Farmers' State Bank and Trust company. Now is the time to select your seed corn. All the seed corn growers go through their fields as soon as the corn is ripe, select and pick their seed and store it under proper conditions. Pick your seed now and while doing so select one or more entries for the corn contest.

If you cannot do this yourself, encourage your boys to do it. The entries will be judged by a corn expert and each entry will be scored in writing so that competitors may know how their corn scores.

The contest last year was judged by L. F. Maxey, secretary of the Illinois Corn Growers' association, and the prizes were awarded as follows: First, \$25.00—Frank O. Brown, Waverly.

Second, \$15.00—George W. Lockhart, Litterberry.

Third, \$10.00—Lloyd Luckeman, Chapin.

The winners of these prizes easily secure a demand for their seed corn at advanced prices.

The contest is open to everyone except stockholders of the bank. Either white or yellow corn, grown this year within fifteen miles of Jacksonville, may be entered. It must be picked with the husks on and brought to the bank before Nov. 15 next. For further particulars call at the bank.

The following is an epitome of the 1908 corn score card of the Illinois Corn Growers' association.

- | Points. | |
|---------|--|
| 1. | Uniformity of exhibit |
| 2. | Shape, length, circumference |
| 3. | Shape of ear |
| 4. | Cylindrical, straight rows |
| 5. | Length of ear, 10 to 11 in. |
| 6. | Circumference ear 7 to 7.75 inches |
| 7. | Tip of ear |
| 8. | Oval, regularly filled with large, dented kernels |
| 9. | Butts of ear |
| 10. | Kernels regularly rounded over end |
| 11. | Kernal uniformity |
| 12. | Uniform in shape and size |
| 13. | Kernal shape |
| 14. | Deep wedge-shaped and full at germ end |
| 15. | Color in grain and cob |
| 16. | Free from mixture and true to variety |
| 17. | Space between rows |
| 18. | Space between kernels at cob |
| 19. | Vitality condition seed |
| 20. | Ripe, sound, dry and of strong vitality, no pinkish grains |
| 21. | Trueness to type |
| 22. | Per cent corn to ear, 88 to 100 |

Exception to above—Silver Min should be 9 to 10 inches long, 6.75 to 7.5 in circumference, 90 per cent corn to ear.

The Farmers' State Bank and Trust company offers these prizes hoping thereby to better agriculture in this community. Corn is King in Morgan county and better corn means greater prosperity. This bank stands for the betterment of the community.

For Better Agriculture.
For Better Roads.
For Better Rural Schools.
And is sparing no effort to bring these things about. It has for the use of the public, bound and carefully indexed, all of the available United States Farmers' Bulletins and Illinois Agricultural publications as well as other agricultural works.

In its campaign for better roads its president secured Mr. D. Ward King, America's foremost dirt-road expert, to address the road officers last spring. The results of that road meeting can be seen all over the country. Plans are now under way for another good roads meeting to be held early in the new year.

STRANGER FOUND INJURED ON "Q" TRACKS

Gives Name of Gus Westling—Is Taken to Passavant Hospital and Condition is Considered Serious.

Saturday night about 8 o'clock a man giving his name as Gus Westling, was found lying on the Burlington tracks at the Lafayette avenue crossing, with his left arm and left foot badly mangled. He was taken to Passavant hospital where the arm was amputated and his condition is considered serious.

The man was found by Brakeman Mann and Conductor Morris, of a C. P. & St. L. local freight, and they immediately notified the police department and called for an ambulance. Officer Shannon was sent to the scene and the man was taken to Passavant hospital, where it was found necessary to amputate the left arm. The left foot is also badly crushed and the patient is suffering from internal injuries.

It is supposed that the man was "beating" a ride on a north bound Burlington freight and in passing from one car to another, lost his balance and fell beneath the wheels. He is a moulder by trade and it is thought that he had been working in a radiator factory at Litchfield and was making an effort to get to Aurora, which is near Rock Falls, where the man stated that his brother resides. When asked his name he gave Gus Westling and said that his brother resides at Rock Falls, giving his name as Louis Erickson. He gave no explanation for the difference in his name and that of his brother. Saturday night Chief Davis sent a telegram to Louis Erickson at Rock Falls, notifying him of the accident, but at a late hour last night had not received a reply.

A BEAUTIFUL WELL KEPT SPOT

The Cemetery Connected With Liberty Church a Few Miles West of the City.

The idea of calling the last resting place of the dead, "God's Half Acre," is a beautiful one for those who lie there we hope are but the caskets which formerly contained spirits who are now among the redeemed in glory.

The cemetery connected with Liberty M. P. church is one of the best kept in the county and shows careful attention and at the same time it has a number of quite handsome monuments in it while on the other hand some are neglected. One or two lie flat and a few lean over and if the living friends knew such was the case it is probable that they would see the stones in that condition mark the resting places of those who have friends living within a few miles of the cemetery.

The cemetery is on a knoll and is seen from quite a distance and commands a beautiful view from almost every point and is well chosen as a place for the final disposal of that remains of mortality.

The writer recently visited the cemetery and made a careful list of all the names contained therein. It is possible he missed some as the stones of course are not in regular rows but he tried to get all and will be thankful if any will tell the Journal of any omissions:

CONSERVATORY NOTES.

Mr. Ertch played two violin solos at the meeting of the Brotherhood of State Street Presbyterian church on Thursday evening.

Mr. Munger will give his annual piano recital late in October this year, in Recital hall.

Dean Cochran played a violin solo at the meeting of the Philological Society of Whipple Academy Friday evening, and will play a solo at the Christian church on this evening.

Fred Meyers has been engaged to play two violin numbers at the concert for state charities in Springfield, October 20.

At the first rehearsal of the Illinois college chorus the attendance was the largest for several years. Mrs. Thompson read the poem of the new cantata "A Tale of Old Japan" in her usual charming style, and much enthusiasm was expressed over the music of this masterpiece of Coleridge Taylor.

Miss Jensen will play a violin solo at Westminster church this morning.

ILLINOIS COLLEGE NOTES.

Miss Raymond, state secretary of the Y. W. C. A., was a guest of the college during the past week. She expressed herself as being very much pleased with the outlook for the college Y. W. C. A.

On Wednesday afternoon, Oct. 2, the Y. W. C. A. gave its annual welcome to the new girls at our president's house. This reception has become one of the most pleasant features of the school year, giving, as it does, an early opportunity for getting acquainted. The former members of the Y. W. C. A., with Mrs. Rammelkamp's assistance, received the new girls and during the afternoon served refreshments. Miss Edith Engvall, in a short talk, gave all the new girls a cordial invitation to join the association which, this year, is in a most flourishing condition.

Henry W. Kirby, '97, and his brother, William Kirby, were visitors on the campus Friday.

President and Mrs. Rammelkamp entertained at their home on the campus, the girls of Academy hall for supper Friday evening. In spite of the stormy weather all of the girls accepted the invitation and spent a happy evening. Mrs. Garrison and Miss Raymond, the Y. W. C. A. secretary, were the only other guests.

WOMAN'S COLLEGE NOTES.

Miss Nellie A. Knopf of the art department is in Champaign visiting Miss Isabel Jones, who is connected with the University of Illinois.

The Young Woman's Christian association gave a very delightful entertainment Saturday night for the benefit of the new members of the association. It was in the nature of a country circus and was greatly enjoyed by all present.

Dr. J. C. Nate has given the library a number of valuable books, among them 18 bound volumes of the North American Review. We are anxious to complete the set of this magazine and will be glad to receive other bound or unbound numbers. We will be especially glad to have numbers covering the past ten years.

Director and Professor Swarthout gave a very successful concert in Jerseyville Monday evening. The concert was a success in every sense

of the word. Both of the men received an ovation at the close of the entertainment.

REPUBLICANS BEGAIN RALLYING TO TAFT

Danger of President With Avowed Free Trade Tendencies Recognized—Tide Turning Toward Present Administration.

Chicago, Oct. 12.—Activity and enthusiasm fill the atmosphere at the Republican national headquarters in this city.

The country is no longer asleep. Apathy is disappearing. Business men everywhere are awakening to the fact that the election of Woodrow Wilson means danger to American industries. Representative E. J. Hill of Connecticut, has taken the trouble to prepare a list of factories in his home county of Fairfield, which would have been closed if the tariff bills passed by the Democrats in the recent session of congress had not been courageously vetoed by President Taft. The list fills several newspaper pages and includes hundreds of industrial plants which give employment to thousands of workmen. This presentation of the danger which menaced a solitary county alarmed the entire state of Connecticut, and its publication elsewhere has brought manufacturers and working men to a realization of the danger of free trade law.

Chicago Taft League. In Chicago, for instance, a Business Men's Taft league has been formed and is gaining in membership daily. The state of Illinois has over 7,000 manufacturing institutions employing 399,776 men, and with an annual output of the value of over one billion dollars, which would be seriously and adversely affected if the bills proposed by the Democrats in congress and vetoed by President Taft had become laws. Take for instance, the boot and shoe trade. The duty on boots and shoes has already been lowered by the Payne tariff law to such an extent that German manufacturers are now sending shoes to this country. The Democratic bills placed boots and shoes upon the free list. Mr. J. Harry Sells, the vice president and general manager of a company which operates ten factories in the middle west, employing 5,000 workmen, says that free trade would put all of his factories out of business. Harry Othmer, secretary-commissioner of the Wholesale Saddlery association of the United States, says that the proposition of the Democrats is a body blow to the manufacturers of saddlery in the United States.

Instances like these could be innumerable multiplied. Many people knew from the beginning that the Democratic legislation which President Taft vetoed would have played havoc with American industries, opening the doors for an invasion of foreign made goods and thus throwing American workmen out of employment. The fact has not, however, thoroughly impressed the popular mind. People have really been too busy to think. Now there is general apprehension. Business men and their employees are anxious while the farmers are none the less concerned, because the Democratic bills placed all cereals on the free list, thus affording a gateway into this country for the products of the enormous fields across the Canadian border.

Tide Is Turning. Consequently the Republican headquarters in this city have been overwhelmed with appeals for speakers and for literature. This demand is but another demonstration of the fact that there is a decided turn of the tide toward President Taft throughout the country. There is now an appreciation of the all-important fact that it is not a question of either Taft or Wilson—for presidents do not make laws—but of Republican or Democratic administration. The former means a continuance of good times. The tariff

will be revised, of course, but wisely and safely, so that not a factory door will be closed or a workman lose his job. The Democrats on the other hand, are pledged to enact legislation which would almost inevitably wreck the splendid business development which is the result of sixteen years of Republican policies enacted into law, following the disastrous experience of Democratic control.

One of the principal obstacles with which the Republican managers have had to contend is the Democratic assertion that the country is so big and the times are so prosperous that the present conditions will continue no matter who may be elected.

This was the assertion made by the Democrats when they advocated the election of Cleveland in 1892. The statement was false then and it is false now.

Unfortunately, but none the less truly, prosperity is not alone the gift of God. There were bountiful crops between 1893 and 1897, when the Democrats were in power, but corn was worth only 16 cents a bushel, wheat sold for 34 cents a bushel and other cereals were equally low, while cattle and hogs hardly paid for the cost of raising. The trouble then was that the factories were closed and workmen were idle, because of the amount of goods bought abroad, while millions of dollars of American gold was shipped across seas in order to pay the bills of foreign creditors.

Who can give assurance that what happened then would not happen again?

Woodrow Wilson is a free trader. He testified before the tariff board that he favored the repeal of all protective tariff laws and advanced the un-American, un-patriotic, illogical, and absurd proposition that because there was a free interchange of commodities between the states of this union there should be a similar free interchange between the United States and the producing countries of the world. It would seem as if a man who is so blinded by a life spent within the four walls of a college cloister that he cannot see the difference between his own country and other nations ought never to be elected president of the American people.

MASONS IN STATE GAIN OVER 7,000.

Grand Master of Grand Lodge in Session Reports Large Gain in Membership of Order in Illinois.

Masonry in Illinois has gained 7,000 members in the last year, according to Delmar D. Darah, of Bloomington, Ill., grand master of the Grand Lodge in session at Chicago. A total membership of 115,000, which increased rapidly in the last five years, was reported by Darah.

Masons expect to see steps taken to augment the charity work of the Grand Lodge, which is already extensive. The representatives of the Illinois lodges are to be asked to vote on an amendment to the laws providing for an increase in the per capita tax in order to give the Grand Lodge a larger fund to work with. This body now maintains two homes, one for the aged and infirm and the other for orphans. The growth in attendance at these homes and the further opportunities for charitable work seen by the Grand Lodge officers are given as reasons for the proposed increase in per capita tax.

DYNAMITE POSTOFFICE SAFE. Sheboygan, Wis., Oct. 12.—Following the dynamiting of the postoffice safe at Adell, Wis., near here, by robbers early to day the big general store of Seaman & Zeidler next door was destroyed by fire supposed to have started from the explosion. The store was capitalized at \$30,000. Robbers secured several hundred dollars from the postoffice.

Mr. and Mrs. A. Anderson of Champaign paid the city a visit yesterday.

THE PASSAVANT HOSPITAL RALLY.

Encouraging Indications That the Effort Will Be a Success.

Indications for the expected Passavant hospital rally are decidedly encouraging and the prospect seems good for the securing of the fund mentioned in the Journal. Mr. Snively is expected here as stated and the work will be begun in a manner which seems best. The good name of the city demands that this noble enterprise be maintained and kept up and it cannot be done without assistance.

Mr. Snively works in his own way and his work will be made known from time to time and friends of the hospital may rest assured every honest effort will be put forth to make the work go.

VISITED MONSTER TREE.

Albert Knollenberg has received from a friend, W. Platt Smith of Monticello, Platt county, a photograph of a large tree which Mr. Knollenberg visited while on his way home from a recent visit in Texas. The tree is of the cottonwood variety and is one of the largest, if not the largest, in the state. Its height is between 80 and 100 feet, circumference six feet above base, 26 feet and it has a large opening in the bottom which is nine feet across. In his letter which accompanied the picture, Mr. Smith says that at one time in winter he saw three steers take refuge in the hollow of the tree and he judged the weight of the steers at about 1,100 pounds each. The picture was taken with several men and children standing at the base, quite a number of whom were inside of the opening.

FIRE AT PEARL.

M. L. Caldwell has returned from a business visit in Pearl. Mr. Caldwell said that on Friday night that town was visited with a large fire in which the Fox hotel and four stores were consumed. The fire department at that place was also reported to have been burned.

You may have questioned some of the statements you have heard about the wonderful crop yields obtained by Wyoming farmers—particularly those in the Big Horn Basin, but if you will visit that country and talk with some of the farmers from Illinois, Iowa and Missouri who have settled there, you will readily understand why they feel so optimistic.

A former Iowa man recently wrote me as follows: "I believe there is no better location in the west than just where I am, and I heartily advise my friends to look over the fine irrigated land that is open to entry on the Shell Creek Tract, if they are interested in acquiring a home in a progressive, rapidly developing locality. I have planted an apple orchard on part of my land and shall enlarge it considerably this next spring; during this past season I have received returns that were more than satisfactory from quite an area which I truck farmed, in spite of the fact that this was the first year the land had been cultivated."

What this man has done is not at all unusual. There is no good reason why you can't do it too, provided you get your place picked out before all the good land is taken up. In order to make it easy for you to look the Basin over without too much expense, the Burlington Route will run special Homeseekers' Excursions from Omaha on October 15th and November 5th. Can't you go with me and see for yourself just what the opportunities are in this section?

Just write me on what day you can go—a postal will do, and I will send you our folder and tell you just how and where to meet me in Omaha. D. Clem Deaver, Immigration Agent, Burlington Route, Room 328 Q Bldg., Omaha, Neb.

BOSTON, Oct. 12.—Overcoming the New York Nationals today by a score of 2 to 1 the Boston's pennant winners of the American league need but a single victory to attain the world's baseball championship of 1912. The world's series now stands, Boston three games won; New York won one and one contest a tie.

More than 34,000 people, a record-breaking baseball crowd for Boston, saw a pitching duel in which Hugh Bedient, a youngster, sparkled as a new star in the baseball firmament. Three hits was the Giants' portion from Bedient's effective service. But for an error by Gardner, the young hurler would have turned back the New York club to defeat in nine scoreless innings. Only a shade less brilliant than the box work of Bedient was the skill of the old master Christy Mathewson, who, except for two long drives in the third inning, held the Red Sox helpless by the magic of his curves.

Boston Moundsman Safe When Hits Meant Runs.

Bedient pitched the best ball that has been shown so far in the five games of the world's series. He had not been regarded as a likely choice for mound duty during the championship games and it was not until several innings had passed that the spectators realized that the Giants were facing a quality of pitching that was most baffling when hits meant runs.

The only New Yorkers to fathom Bedient's benders were Mathewson, Meyers and Merkle, while those who succumbed on strikeouts were Devore, Snodgrass, Merkle and Mathewson.

Start Batting Rally.
Harry Hooper started the sharp batting bee that gave the Red Sox their two runs. A fade away curled up to the plate and Hooper catching it squarely, shot the ball past Herzog along the left field foul line, where the ball ricocheted between the angles of the fences to the confusion of Devore. On went the flying Hooper and before the ball was returned to the infield the Red Sox outfielder was on third.

There was pandemonium in the stands when Yerkes drove the first ball pitched to left center, where it rolled up against the fence and bounded past Snodgrass. Hooper came over the plate and Yerkes made third, whence he tallied when Doyle made a bobble of Speaker's grounder. That ended the scoring for Boston.

"Big Six" Tightens and Displays Old Time Form.

Thereafter Mathewson showed his skill in returning to Boston benches every succeeding player who went to the plate. Seventeen men in order went out from the middle of the third to the last of the eighth inning on grounders to the infield, pop flies, or as strikeout victims. Those who fanned were Gardner and Wagner. Mathewson has been pitted against the Red Sox for 19 innings in two games, one of which was an eleven inning contest and not one man was given a base on balls. Only twenty-nine men faced him during today's contest.

Giants' Only Run Comes in Seventh.
The Giants garnered their only run on a long two base drive to the temporary stands by Merkle in the seventh. He moved to third on Meyer's outfield fly, and scored when Gardner failed to handle McCormick's puzzling grounder. Bedient then held the Giants safe until the end.

When the groundkeeper was about to close the iron gates on Fenway park at dusk there were still groups of excited fans standing about the infield pointing out the spots where this and that play had checked the Giants in their attempt to wrest a victory and bring them on even terms with the Red Sox in the series. The early part of the game had all the unpicturesque settings of a cricket match played in a London fog. Murky mists swept in from the sea and rain threatened momentarily. In the early innings spectators could hardly follow the course of the ball but the fog cleared later so that the final innings found the clubs battling under summer conditions.

Crowd Was Largest Ever for Boston.
It was Columbus day and Boston turned out the largest number of people who have ever witnessed a baseball game in this city. The total attendance was 34,683 while the receipts were \$63,201. Of this sum each club received \$28,440.45 while the national commission's share was \$6,320.10. The players share only in the receipts of the first four games.

Both Managers Make Statements.
"We have got the edge on New York now," remarked Manager Stahl of the Red Sox tonight. "But I do not propose to claim the world's championship until the last Giant player is out in the final game. It will be time enough then to make claims, but then we won't have to, for we will have won it."

John McGraw manager of the Giants, while admitting that the Red Sox have a big advantage, believes he will be able to check the rush of the Boston players in New York Monday and then go out to make the fight for the next two games. The Giants went back to New York tonight while the Red Sox will rest in this city and go to New York tomorrow.

First Inning, First Half.
Devore to first on four bad balls. Doyle flied to Lewis. Devore was forced at second when Wagner took Snodgrass' grounder and tossed to Yerkes who completed a double play by throwing Snodgrass out at first.

No runs, no hits, no errors.

First Inning, Second Half.
Hooper singled to center on the first ball pitched. Yerkes flied out to Fletcher. Speaker was given a great ovation when he came to the plate. Speaker singled to left. Hooper being on second. Hooper was forced at third when Herzog took Lewis' grounder and touched third base. Gardner struck out.

No runs, two hits, no errors.

Second Inning, First Half.
Murray walked. Merkle was thrown out at first. Gardner to Stahl. Murray took second. Herzog sent up a high fly to Yerkes. Meyers flied to Hooper.

No runs, no hits, no errors.

Second Inning, Second Half.
Stahl was out. Fletcher to Merkle. Wagner singled to right. Cady was out. Mathewson to Merkle. Wagner taking second. Doyle threw out Bedient, making a clever stop and throw to first.

No runs, one hit, no errors.

Third Inning, First Half.
Fletcher flied to Hooper. Mathewson got a great ovation as he came to the plate. Mathewson singled to center. Devore walked. It was

Bedient's third base on balls. Doyle flied to Speaker. Snodgrass sent up a high foul to Cady.

No runs, one hit, no errors.

Third Inning, Second Half.
Hooper drove the ball to left for three bases. Hooper scored on a three base hit of Yerkes. The crowd was in a turmoil of excitement when Speaker came to bat. Yerkes scored when Doyle muffed Speaker's grounder. Speaker tried to go to second on the error but was thrown out. Murray to Fletcher. Lewis was out. Mathewson to Merkle. Gardner went out to Merkle, unassisted.

Two runs, two hits, one error.

Fourth Inning, First Half.
The Boston fans were simply dillirious with joy and they cheered Harry Hooper as he went to his position. Murray out on a fly to Yerkes. Merkle struck out. Bedient burned his ball over the plate with bewildering speed and he had his drop curve working nicely. Herzog sent up a high one to Stahl.

No runs, no hits, no errors.

Fourth Inning, Second Half.
Stahl went out. Herzog to Merkle. Wagner struck out. Cady flied out to Snodgrass.

No runs, no hits, no errors.

Fifth Inning, First Half.
Meyers singled to left. Fletcher flied out to Hooper. Mathewson struck out. Devore flied to Hooper.

No runs, one hit, no errors.

Fifth Inning, Second Half.
Bedient line-flied to Merkle. Hooper out. Doyle to Merkle. Fletcher threw out Yerkes at first. It was a brilliant stop and throw of a hard grounder.

No runs, no hits, no errors.

Sixth Inning, First Half.
Doyle out. Yerkes to Stahl. This was another clever play. Yerkes took the grounder on the grass toward first base. Snodgrass flied to Gardner. Murray fouled out to Gardner.

No runs, no hits, no errors.

Sixth Inning, Second Half.
Speaker went out. Doyle to Merkle. Lewis was out Herzog to Merkle.

Gardner was out on a grounder to Merkle, unassisted.

No runs, no hits, no errors.

Seventh Inning, First Half.
Merkle got a two base hit to the left field stand. Herzog out to Wagner. Meyers flied out to Speaker. Merkle went to third after the catch. McCormick went in to bat for Fletcher. Merkle scored on Gardner's error on McCormick's grounder. Shafer ran for McCormick. Gardner threw out Mathewson at first.

One run, one hit, one error.

Seventh Inning, Second Half.
Shafer went into short in place of Fletcher. Stahl was out. Mathewson to Merkle. Shafer threw out Wagner at first. Herzog threw out Cady at first. Mathewson was pitching in wonderful form, having sent the Boston batters back in one, two, three order in the last four innings.

No runs, no hits, no errors.

Eighth Inning, First Half.
Devore struck out. Doyle was out at first on a grounder to Stahl, unassisted. Snodgrass struck out.

No runs, no hits, no errors.

Eighth Inning, Second Half.
Bedient flied to Snodgrass. Hooper flied to Shafer. Yerkes flied to Herzog.

No runs, no hits, no errors.

Ninth Inning, First Half.
Murray out on a fly to Gardner. Merkle flied to Speaker. It was a long drive, Speaker judged it perfectly. Herzog out. Yerkes to Stahl.

No runs, no hits, no errors.

Next Championship Game Monday.
As Sunday baseball is not allowed in the east the two contenders for the world's championship honors will rest today in preparation for the conflict Monday afternoon at the Polo grounds in New York. As the Red Sox

have won three and the Giants only one game, this contest promises to be more exciting than any of the preceding games of the series, because with a victory Monday afternoon the Boston team can carry off the championship honors. The Journal's special Associated Press wire will open at 12:30 o'clock Monday afternoon, the same as during the other games of the series and the score by innings of the Cubs-Sox game will also be received in addition to that of the Giants and Red Sox. This may be your last chance to display your enthusiasm for your favorite and you should not fail to be present at the Journal's window with the opening of the wire at 12:30 o'clock Monday afternoon, as the game will be exciting from the time when the "Umps" says "Play Ball" until the end of the contest.

A GOOD RESOLUTIONS

Those that make for comfort, convenience and economy and are lived up to—such are the resolutions to install gas in the home, as a means for lighting, heating and cooking. Certainly no intelligent man or woman today would be without gas unless they were where it could not be secured. As a matter of fact, people in the country realize so fully its advantages that they have imitated it by installing acetylene plants, which are extremely costly. However, for the small sum of \$1.25 per room, you can have gas in your home. Why not see us today about this matter?

CHICAGO, Oct. 12.—With three men on bases and two out, the Chicago Americans needed one run to tie the score in the third game of the series with the Chicago club of the National league today. Thirty thousand and baseball "fans" howled as Borton, whose hitting had been a feature of the series, came to bat. He waited until Lavender threw two balls and then struck at one. The fourth ball pitched was wide. Borton fanned at the next, and with three balls and two strikes on him he swung at the next ball and missed it by a foot. The five to four victory of the Nationals gave them a lead of one game in the series, the other two contests having resulted in ties. The teams will clash in the fourth game tomorrow at the National league park.

The White Sox outbatted their opponents almost two to one but their hits were inopportune and they ran bases badly. Lavender was touched for fourteen hits, while White allowed eight.

The attendance was 30,149 according to figures of national commission representatives. The receipts were \$19,662.25. Of which \$10,617.21 will go to the players; \$3,539.21 to each club owner and \$1,966.22 to the commission.

Shortstop Weaver of the White Sox, who was knocked unconscious in yesterday's game, left the hospital tonight. It is probable however, that he will not play in the remaining games of the series.

ALTON TAKES STRENUOUS GAME

DEFEATS J. H. S. IN FOOTBALL
CONTEST 6 TO 0.

Well Played Game Ends Disgracefully When Outsiders Slug Alton Fullback—Police Quell Disturbance.—Principal Stoops Makes Statement.

Jacksonville High school and the Western Military Academy of Alton mixed in an extraordinary strenuous game of football Saturday afternoon on Illinois field, the latter winning by a score of 6 to 0. The Alton team made their touch down in less than four minutes after the game had started. The contest ended in a disgraceful manner, when, because of an altercation between Captain Stewart of J. H. S. and Nornain, fullback of Alton, two local fellows not connected with the high school slugged Nornain in such a manner that for five minutes he was rendered unconscious. Later one of the sluggers encountered the physical director of the Alton team and received a black eye.

The Military men outweighed the locals several pounds and appeared on the ground more like a college team than a high school team. Not only were they larger men but they were older. The local lads realized that they were up against a hard proposition and it has been many a day since devotees of football gathered on Illinois field and witnessed a team fight every inch of the way to bring victory to their school. When the two teams lined up it was conceded that the score would at least be 30 to 0 in favor of the visitors. Every man on the J. H. S. team is deserving of much praise for the way they played and while the team is light they showed excellent work both at defensive and offensive work. After the touch down of Alton the visitors were confident that they had "easy pickings" and went in to re-up a big score. The real truth of the matter is that the W. M. A. academy is in a class higher than the local school, so the work of the J. H. S. boys is doubly commendable.

Story of Game.

In the toss up Jacksonville received the kick off and Alton defended the west goal. J. H. S.'s pretty pass was intercepted by Parsons of Alton, who succeeded in getting away with the ball, making a clean touch down. Goal was missed in the kick.

Jacksonville kicked to Alton. Jackson made fifteen yards on a fumble and this was followed by short succession by Reeve, who secured the ball on fumble and made a gain of 29 yards. Cannon worked the forward pass, but the J. H. S. men were held for downs on the 20 yard line. Alton gradually carried the ball down the line and the quarter ended on the 55 yard line.

In the second quarter Parsons started the game by getting by Maddox and made a good run, but a second afterwards Stewart secured the ball on a fumble and Reeve on a fake play carried the ball 15 yards. Jackson punted 20 yards and the locals by good defensive work held Alton for downs and carried the ball to within 12 yards of goal. Alton securing the ball on an intercepted forward pass. At this junction Alton made a gain of 25 yards on a forward pass and J. H. S. following this up by holding the visitors for downs. Alton was penalized five yards for off side play. The ball was then in the middle of the field when the timekeeper called the first half over, with five minutes intermission.

In the third quarter Jacksonville got the kick off, Alton making a good advancement with the ball on receiving it. Nornain, the star player of the Alton team, found a big opening in the J. H. S. line and used it for a good big gain. The locals got the ball on a fumble and Jackson punted. A forward pass attempted by O. Eryman was broken by Reeve. Cannon got the ball on fumble and carried it 15 yards. Reid got away for 6 yards on a forward pass and Reeve following this with a good end run, side play but the referee's whistle Alton was again penalized for off ended the quarter.

The fourth quarter was a strenuous one, both team endeavoring to score from the drop of the ball. Jacksonville with the kick off after Maddox had made a gain of 7 yards by slipping through the line lost the oval because of Alton's splendid defensive plays. Alton did some brilliant work in moving the ball up the line when Allcott recovered same and Jackson kicked. Again Nornain showed his head and speed by going through the Jacksonville line for a gain of 30 yards. They were only a few yards from goal when the ball was lost because gains could not be made. At this junction Armstrong was replaced by Strawn, who did some good work. The ball was

worked up and down the field in quick order, Alton almost scoring at one time. It was when Jacksonville punted out of danger near Alton's goal line that the trouble of the afternoon arose and in three minutes afterwards the game was called.

Story of Slugging.

The story of the slugging was in this wise: Jacksonville had kicked the ball, but Coach Buland had asked to be put in another man at the same moment so that Referee Larson blew his whistle to stop the play. Nornain, full back of the Alton team, caught the ball and stood with it. Captain Stewart, who was near, tackled Nornain and downed him. The two men rolled over a couple of times and as they were getting up Nornain gave Stewart two or three good hits with his fist. Stewart answered with a blow and at the same moment all the players from both teams and a big crowd of the spectators ran to the spot. A hot discussion arose over Nornain's action and about the play and the crowd surged to the center of the field. Just as Nornain reached the center of the field two fellows, not connected with the high school, ran up behind Nornain. The first one gave him a slug on the side of the face and the other gave him the full force of his fist right on the back of the head. Nornain was knocked unconscious by the blow and fell in his tracks as limber as though dead. Three or four men worked over him several minutes before he regained consciousness. The acts by the out-

siders were the most brutal and cowardly ever witnessed on a local football field. Following close on this the same two fellows started to clean up on the physical director of the Alton team, who expressed himself about the affair. The physical director dealt a blow to Nornain's assailant that made his eye look like mud. The other assailant started to take his round with the physical director, but seeing what was done to his pal gave up the job and sneaked off out of the crowd. Chief of Police Davis was on the grounds, also Desk Sergeant Kiloran, who jumped into the middle of the melee and finally got the crowd quieted. It looked for a time as though a free for all fight would ensue. There was no hard feeling between the members of the team and the trouble all arose from outsiders, who had no business whatsoever on the grounds.

Prin. Stoops Makes Statement.

When Principal Stoops was asked about the affair last night he said: "In all my history of athletics I have never seen such a deed of cowardice performed, striking a man when his back was turned. Players of opposite teams will engage in a little punching duel occasionally, but the work of yesterday was done by outside persons. I am absolutely certain that the men who did the slugging were in no wise connected with the school and the high school takes no stock in such disgraceful proceedings. It was no friendly act in behalf of the school and the parties who did the same will realize later the seriousness of such conduct and the penalty for assault."

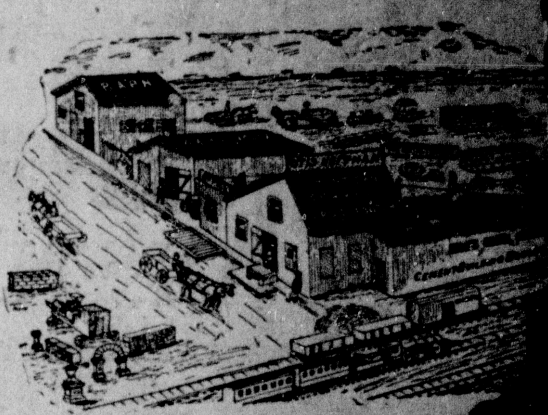

The following was the lineup:

SEEK TO BETTER SOIL CONDITIONS

FERTILITY LEAGUE HAS UNDERTAKEN MOVEMENT TO HELP AGRICULTURE.

Prominent Men Identified With Effort to Build Up and Maintain Soil Fertility—Legislation Favored Which Will Provide Farm Demonstrator for Each Agricultural Community.

The National Soil Fertility league, an organization incorporated under the laws of Illinois, has undertaken a great work for the farmers of the state and incidentally for every resident of Illinois. The purpose of the league briefly stated is:

To secure legislation that will carry to the farmer the best methods and practices that have been determined at the agricultural colleges and experiment stations by maintaining in each agricultural county a farm demonstrator who will be the representative of the extension department of the state college of agriculture. The expense to be shared by the state and federal governments.

Howard H. Gross of Chicago, president of the league, says of its proposed work: "The movement represented is for the good of all; there are no hidden strings, no special interests to serve, no selfish or ulterior motives to influence or disturb the progress of a campaign as genuinely altruistic in inception and contemplation as ever known in history."

The officers, directors and members of the advisory committee of the league are men well known throughout the state and their names give a guarantee of the strength and importance of the organization. The officials are:

President—Howard H. Gross.
Treasurer—David R. Forgan.
Directors—Frank G. Logan, Howard H. Gross, John S. Goodwin, F. Blackes, Frederick A. Delano, E. S. Conway, Clarence S. Funk.

Advisory committee—James J. Hill, chairman; William Howard Taft, president of the United States; Franklin MacVeagh, secretary of the treasury; Champ Clark, speaker of the house of representatives; Dr. Edmund J. James, president University of Illinois; Benjamin F. Yoakum, chairman Frisco lines; William J. Bryan, publisher, Lincoln, Neb.; John M. Steudebaker, farmer and manufacturer, South Bend, Ind.; F. D. Co. burn, secretary of agriculture state of Kansas; Dr. Charles R. Van Hise, president University of Wisconsin; Alvin H. Sanders, publisher Breeders' Gazette; Henry Wallace, Wallace's Farmer, Des Moines, Iowa; Dr. John H. Worst, president North Dakota agriculture college; Alonzo Wilson, master of national grange; Samuel W. Allerton, farmer, Monticello, Ill.; A. P. Grout, president National Alfalfa Growers' association; W. D. Hoard, ex-governor of Wisconsin; publisher Hoard's Dairyman; William George, farmer and banker, Aurora, Ill.; Col. John B. White, president national conservation congress; Col. Henry M. Exall, president Texas Commercial league; M. V. Richards, land and industrial agent Southern railway; J. S. B. Thompson, president Atlantic Compress Co., Atlanta, Ga.; Mrs. P. V. Pennybacker, president National Federation Women's clubs; Mrs. Emmons Crocker, chairman conservation committee National Federation Women's clubs.

From a circular issued by the league the following statement is taken:

"Years ago a man had three grown sons, for whom he selected vocations. The first one was very smart, the next one very good, the last was very simple minded. In his wisdom the man said: 'This one who is so very smart I will make a lawyer; the good one shall be a preacher; poor Jack knows so little, I will make a farmer of him.' There is no occupation in the world that calls for more ability and judgment, brains, training, industry and adaptability than farming. It is a man's job. To plow and sow and reap without understanding is no more real farming than cutting a man's leg off with an ax is real surgery. Agriculture is the basis of the nation's wealth. The soil is our greatest asset and conserving and building this up helps every one.

In ten years between 1900 and 1910, our population increased fifteen million—about 21 per cent; our farm area increased a little over 4 percent; our meat producing animals actually dropped off over twenty millions in number.

In 1900 for every one hundred people we had 90.7 cattle. Ten years later we had only 68. For hogs the figures were respectively 84, going down to 61; for sheep the drop per hundred population was from 82 to 51. Think what this means. Cheap meat cannot be made on high priced land and 60c corn, but science, the silo and alfalfa will enable the farmer to carry three times as much stock on his farm as he thinks he can. This would build up the fertility of his fields and reduce the cost of producing meat one-half.

We now consume 58 per cent of our corn and 81 percent of our wheat. We have an unprecedented high cost of living. We must produce more and we must get it to the consumer at less cost.

There are approximately ten acres of farm land per capita for the present population. Only one half of this is under the plow; the other half is woodland, waste land, broken land, pasture, etc. It now takes practically all we raise to feed the people. We are beginning to import food stuffs. In fifty years our population will be doubled. What shall we do about it?

A generation ago Denmark was in poverty and distress. The government wisely determined to revive agriculture and apply scientific methods. It tried various means to that end, but with little success. It finally sent out the trained farm demonstrator (just as provided for in the Lever bill). This did the business and brought Denmark from poverty to thrift. It doubled the land values; it quadrupled the savings bank deposits; it made Denmark a happy, prosperous nation. It sent the people from the cities back to the farm and Denmark to day is the finest agricultural country in the world.

The Greatest Industry. It employs nearly one-third of our people. It costs approximately eighty dollars per year per capita to feed the people. Every agricultural authority in the land agrees that in ten years, when the farm demonstrator is in every county and scientific methods are in vogue, we will largely increase, if in fact we do not double, our yield per acre.

"To maintain this scientific army in the field will cost us about eight cents per person per year. If the increased crop value is only twenty per cent, the gain on one year's crop would pay the cost of keeping up this work for two hundred and fifty years.

The government and the states have expended over two hundred millions of dollars in developing scientific knowledge relating to agriculture. This knowledge is practically in cold storage. Why not get it out and put it to work on the farms? That intellectual giant and empire builder, James J. Hill, says: 'We know enough now of agriculture, if it were applied to double our farm yield and triple the farmers' income.'

"The Lever bill is a simple measure. It is the logical sequence of the Nelson amendments. It creates no new administrative machinery. It is the final step and one absolutely necessary to complete the work contemplated by the Morrill act and other acts named. Under these have been built up a great splendid and valuable body of knowledge relating to agriculture. The Lever bill will disseminate this knowledge among the actual farmers and enable them and the whole country to profit by it. The passage of this bill will do more good to more people than any other act passed since the civil war.

"There is a widespread and insistent demand to do something to help the present farmer—the man behind the plow. He has paid the larger share of the tens of millions that have been expended during the last fifty years in gathering agricultural knowledge. This work was undertaken for him primarily and for the benefit of everybody through him. He has the right to expect and demand that the results shall be delivered to him in a way and in a form that he can utilize. He cannot go to the college for them. They must be taken to him.

"The plan set out in the Lever bill is certainly the quickest, the most direct, the most efficient and business-like method possible. It has succeeded wherever it has been tried. Every authority favors it. It is wanted now.

"The first step has already been taken in the passage of the Lever Agricultural Extension bill in the house. Let the senate pass it promptly without amendment, and without loading it down with other features (no matter how good they may be) and get the bill to the president before the holiday recess if possible. Then the state legislatures that meet in January will be in position to accept its provisions and make the required appropriations to carry the plan into effect. Another plan of action will probably jeopardize and certainly will postpone the whole matter for several years; meanwhile we suffer.

E. O. PHILLIPS TO WED.
E. O. Phillips, son of Judge Henry Phillips of Beardstown, is soon to wed Miss Helen Matheny of Springfield. The groom-to-be was at one time assistant editor of the Virginia Gazette and is now on the staff of the Chicago Tribune.

A. W. Petefish of Litchberry was in the city yesterday and said he had been most of the week at the state fair which he much enjoyed and had left Friday afternoon in time to escape the downpour.

FAVORITE BASE BURNERS

FOR WINTER COMFORT

"It's all in the flues"

"Finest Heating Stove in the World"

Have You Seen This Poster?

It Tells the Story of a Wonderful Heating Stove

We wanted you to get acquainted with the Favorite Base Burner—that's why we had the city covered with these beautiful colored posters that you see everywhere.

We knew that if you once became familiar with the superior points of the Favorite as compared with other base burners—learned that it actually has no equal in beauty, durability, and fuel-economy—you would buy no other heating stove.

The Favorite will keep every part of your house warm all winter, and do it with from 2 to 3 tons of coal. Every square inch of this unequalled stove radiates volumes of heat which constantly circulates throughout the home, maintaining an even temperature, night and day.

The Favorite is built in a plant erected especially for the production of fine stoves. Only expert workmen are allowed to take part in its construction. Sixty years of stove experience are concentrated in it.

The many exclusive features that make the Favorite

supreme among heating stoves are all patented, and can be found on no other stove. You will find the principle reason why it is the best in the celebrated Separated Flue construction—and this feature is patented. Why not save two or three tons of coal this winter with a Favorite? You will

get more warmth and satisfaction, too.

Here is Our Offer

Put the Favorite in your home. Try it for thirty days, two months, all winter, if you want to. Then, if you do not find that everything we have said of it is true, we will take back the stove, and refund your money. Can you think of a fairer proposition than that?

We could not afford to make this offer if we did not KNOW that the Favorite would back us up and do just what we claim for it. But we are positive that after you once tried the Favorite you would not part with it for twice what it cost you, if you could not get another just like it.

If money counts—if comfort counts—if the health and happiness of your family count—you cannot afford to buy or use any heating stove but the Favorite.

ROOSEVELT ASSAILS WILSON'S RECORD

COLONEL SAYS GOVERNOR HAS
DONE NOTHING AGAINST
TRUSTS.

Points to New Jersey Law That
Would Have Aided Executive Had
he Desired It—Attacks Opponent's
Attitude on Immigration.

Chicago, Oct. 12.—Two hours before Col. Roosevelt reached the Coliseum the seats were filled. Crowds streamed along Wabash and Michigan avenues and flowed into the building until as many persons were packed into the standing room as the police would permit. The doors were closed an hour before Col. Roosevelt arrived. The people wore bandanas and cheered whenever there was an opportunity. Perched aloft of a platform behind Col. Roosevelt, like a magnified church choir, were young men, all of them dressed in white and wearing ailing bandanas over the right shoulder. They were the "Jane Addams choir" and they sang to amuse the crowd until Col. Roosevelt appeared.

Colonel Loudly Cheered.
When the people caught sight of Col. Roosevelt as he mounted the platform they leaped to their feet with a shout. The demonstration continued several minutes. Before he went to the Coliseum, Col. Roosevelt addressed a large crowd at a tent meeting on the West Side. He said that until Governor Wilson became a candidate he looked at foreign born Americans not as fellow Americans but as foreigners who remained foreigners, and spoke "with comprehensive dislike of all immigrants from European countries." He referred to correspondence between Governor Wilson and the United Polish societies of South Brooklyn, saying the governor had promised to re-write a passage in his history referring to the coming of "multitudes of the lowest classes from the South of Italy and men of the meaner sort of Hungary and Poland."

The colonel said members of the Polish societies had stated that according to information received from Governor Wilson's publishers, three editions of the history had appeared since Governor Wilson's letter had been written and "in spite of Governor Wilson's promise to retract his statements they remained unchanged in these editions."

Colonel Roosevelt further insisted that New Jersey was above any other, the "trust state" of the country and while it had laws which could be used with great effect against the trusts, Governor Wilson had pursued a "do-nothing" policy in this regard.

"Let Mr. Wilson ponder the parable of the talents," said Colonel Roosevelt, "and apply it to our several records in office on the trust question."

"As president, I had ten talents entrusted to me and I used them all."
"As governor of New Jersey Mr. Wilson at least had one talent entrusted to him. He has buried it in a napkin and as yet has not even dug it up."

In opening his address, Colonel Roosevelt sketched his own record on the trusts while president, during which he said:

Roosevelt and Trusts.
"I made so much impression by my repeated messages and addresses that the Republican platform in 1908 did definitely promise action along the lines I had indicated—although the promise was broken by those in charge of the Republican party as soon as I left the presidency."

Continuing, Colonel Roosevelt said in part:

"Now compare this record with Mr. Wilson's record as governor of New Jersey on the trust question. The comparison is easy. Mr. Wilson's record on this matter is a blank. He did precisely and exactly nothing. It is as simple to describe what Mr. Wilson, as governor of New Jersey, has accomplished against the trusts as it is to write a volume on the natural history of the snakes in Ireland. There are no snakes in Ireland; and Mr. Wilson during his term as governor of Jersey has not done one east little during his term as governor of New Jersey, of any shape, sort or description toward dealing with the trust problem."

"Yet the opportunity has been ample. And if his own doctrines as to the duty of the states to deal with the trusts are correct, then his failure to act has been inexcusable. The same trusts against which I actually did act were incorporated under the laws of New Jersey, and it was perfectly simple for him to act against them, but he never followed my example."

"Mr. Wilson has announced himself as an ardent advocate of the new stateism as against the new nationalism."

States the Battleground.
In a recent interview with Mr. H. Beach Needham, he says: "of necessity the states are the chief battlegrounds to economic reform. It is the states which incorporate the great business undertakings that threaten to bulk larger than the states themselves in the power which they exercise. The big corporations owe their license to the inadequacy of state laws or their enforcement."

"The Democratic platform on which Mr. Wilson is standing denounces the effort to deprive the states of any of their rights, in connection with dealing with the trusts, insisting that no federal action shall be substituted for state remedies for the prevention of private monopoly; that is, of trusts."

"Therefore, it appears that Mr. Wilson explicitly recognizes the theory that it is the prime duty of the state governments rather than of the national government to deal

with trusts, and the Democratic platform no less explicitly recognizes the power and the duty of the states in this matter. Well, for the most part, the modern American trusts have been incorporated in the state of New Jersey and are subject to its laws. They depend upon the state government for their powers and their very life, both of which may at any time be cut off, if the state government sees fit to take such action. For nearly two years now, Mr. Wilson has been the head of this state government. If the Standard Oil company or Tobacco Trust has, in Mr. Wilson's opinion, been guilty of gross frauds or attempts to monopolize, or of working unwholesome mergers or stock issues, their state charters can be readily amended, altered or repealed. Section 4 of the New Jersey corporation act provides that:

Subject to Legislature.
"The character of every corporation, or any supplement thereto or amendment thereof, shall be subject to alteration, suspension and repeal, in the discretion of the legislature, and the legislature may at pleasure dissolve any corporation."

"It is of course the duty of the governor to recommend such action whenever it becomes necessary. Moreover there is a criminal statute in New Jersey applying to corporations, which affords ready at hand a simple remedy of the kind which Mr. Wilson and his supporters have repeatedly stated would be the most effective to meet the evils of the present situation. Chapter 257 of the laws of 1905 provide as follows: 'Any person or persons who shall organize or incorporate or procure to be organized or incorporated any corporation or body corporate under the laws of this state, with intent thereby to further promote or conduct any fraudulent or unlawful object, shall be guilty of a misdemeanor.'

"Any person or persons who, being officers, directors, managers or employees of any corporation, or body politic incorporated under the laws of this state, shall wilfully use operate or control said corporation or body corporate for the furtherance or promotion of any fraudulent or unlawful object, shall be guilty of a misdemeanor."

Did Not Urge Amendment.
"Yet nevertheless although his power is ample under these provisions of the law, Mr. Wilson while governor of New Jersey, has not urged or attempted to secure the amendment, alteration or repeal of a single corporation of New Jersey. Nor has he attempted to secure the indictment of any officer, director or employee of such a corporation under the act of 1905."

"This must mean either one or two things. Either the 'new stateism' which Mr. Wilson champions as furnishing the real opportunity for action does not in fact furnish any remedy whatever, or, if it does furnish a remedy, then Mr. Wilson has been gravely culpable in his complete and absolute failure to take advantage of this remedy during his term of service as governor of New Jersey."

"Mr. Wilson attacks my record on the trusts? Let him look to his own. He has been and is now governor of New Jersey. During this period he has been criticising me he has had under the laws ample power himself to act against the trusts along the very lines which he insists are the proper lines to follow. Yet whereas I, while I was president and engaged in tasks a hundredfold greater than any Mr. Wilson has ever undertaken, also enforced the anti-trust laws as they had never before been enforced, and for the first time laid down the lines along which we could proceed for the proper solution of the trust problem, Mr. Wilson, while governor of New Jersey, has done precisely and exactly nothing."

"In his inaugural message as governor, he explicitly recognized that discredit had been brought upon the state of New Jersey by its corporation laws and advocated action not only as to corporations seeking new charters but as regards corporations already having charters."

"But with this one outburst of rhetoric he stopped. In his next annual message he does not allude to corporations at all. He has taken no action whatever."

"When Mr. Wilson thus utterly fails as governor of New Jersey to come up to what he himself says a governor ought to do, it is not to be wondered at that his criticisms of the Progressive proposals for dealing with the trusts should be futile in their utter unsoundness."

"The Progressive proposal is to handle the trusts by commission as interstate commerce is handled, and to assume over these great industries concerns powers such as the controller of the currency exercises over the national banks."

"We propose practically and thoroughly-going action to be taken by the nation. Mr. Wilson proposes the continuation of a do-nothing policy by the nation and, while he advocates action by the states, he himself as governor of a state has taken not one step of any kind to carry out the policy to which in theory he is committed."

Wilson Has Rich Friends.

"All of this throws a curious light on Mr. Wilson's statement, reported in the New York papers as having been made in Denver the other day to the effect that there was a 'halcyon chorus of the trusts' in my favor. I hope that the quotation is not accurate, for of course there is no particle of foundation for any such statement. If Mr. Wilson were enamored of a pupil in American history and the pupil made such a grotesque misstatement, undoubtedly Mr. Wilson would mark him zero. The only man that Mr. Wilson can refer to among my supporters as representing any trusts is Mr. Perkins, unless, indeed, he includes Mr. Munsey. These two men, Mr. Perkins and Mr. Munsey, are men of means precisely as Mr. Cleveland H. Dodge and Mr. McAdoo and Mr. Crane, Mr. Wilson's intimate associates, are men of means. I know Mr. Dodge personally. He is a fine fellow, an upright and honorable and public-spirited man just as Mr. Perkins is an upright and honorable public-spirited man. It was on his

self that Mr. Wilson wrote his letter of acceptance. Mr. Dodge is a member of various big corporations precisely as Mr. Perkins is a member of certain big corporations. I should strongly denounce any man who tried to incite prejudice against Mr. Wilson because Mr. Dodge is supporting him, and in just the same fashion any honorable man will denounce as base and dishonorable the effort to prejudice me by the statement that Mr. Perkins is supporting me. The actions of Mr. McAdoo and Mr. Crane come in the same category."

No Trust For Roosevelt.

"As for the trusts, there is not a single trust supporting me, and Mr. Wilson knows this well. Mr. Perkins is in the Harvester company and in the steel corporation; he is the one man in either of these corporations who is supporting me. So far as I know, of his associates in these corporations, one or two are supporting no one and all the rest are supporting Mr. Taft or Mr. Wilson. Mr. Medill McCormick is supporting me. He has no connection and never has had any connection with the Harvester trust, and he stated the other day in a public speech that his two kinsfolk of the same name who are connected with the Harvester trust, are both supporting Mr. Wilson."

"The Herald's poll of the stock exchange in New York, taken the other day, showed that 267 Wall Street men were supporting Mr. Wilson or Mr. Taft and only 24 supporting me. That's the ratio in Wall street, say 12 to 1 against me, and so far as I know among the great trust magnates the proportion in Mr. Wilson's favor is very much greater. The reason is not difficult to find. Mr. Wilson's record as governor has given every trust magnate a feeling of restful security about Mr. Wilson. If we are to judge Mr. Wilson's future by his past performance this security is more than justified."

Avery.
Frank Avery, of Butte, Mont., died suddenly Saturday night at 11 o'clock at the home of his sister, Mrs. W. C. Manley in Franklin, where he had been visiting. Mr. Avery was as well as usual all day Saturday and that evening ate a hearty supper. About 8 o'clock he was taken suddenly ill with an attack of acute indigestion and Dr. J. M. Elder was called and gave every aid available but the patient lived only three hours.

Mr. Avery was born in Losant, LaSalle county, Illinois, 50 years ago, and when 17 years of age he went west. He was interested in the mining business in the vicinity of Butte, Mont., and came to Franklin some weeks ago, called there on account of the death of Dr. W. C. Manley. He was unable to reach that place before the funeral of Dr. Manley and decided to remain for an extended visit with his sister, whom he had not seen for a number of years. The deceased was a member of the Red Men and is survived by two sisters, Mrs. Manley of Franklin and Mrs. Dugan of Knoxville, Kan.

Complete arrangements for the funeral have not been made but the remains will be taken to the old home at Lostant for interment.

Dwyer.
Timothy C. Dwyer, for a number of years a resident of Morgan county, died Saturday evening at 6 o'clock at the hospital. Until recent years Mr. Dwyer resided on a farm, three miles northeast of Jacksonville and for a long period was accounted one of the successful farmers and stock raisers of the county. Several years prior to his death the deceased had been in continued ill health, and he is survived by his wife, one son and one daughter. The family home is immediately east of Jacksonville on the Springfield road.

The remains were taken to the O'Donnell undertaking establishment and arrangements for the funeral will be made later.

I. C. SECOND TEAM LOSE TO PITTSFIELD

Snappy Football Contest Won by Pike County Aggregation by Score of 14 to 8.

Coach Harmon sent his second Illinois college football team to Pittsfield Saturday afternoon where they met defeat at the hands of the high school team of that place by a score of 3 to 14. The Pittsfield men were heavier by 12 pounds to the man than the locals and were in better training.

In the toss up Illinois won the kickoff, the Pittsfield man who received the ball being downed in his tracks. Illinois had the ball on their own two yard line when on an attempted punt Pittsfield broke through and blocked the kick and secured a fluke touchdown. Goal kicked successfully gave them a 7 to 0 score. Illinois again kicked to Pittsfield and after several see-saw movements Illinois' quarterback fumbled the ball, Pittsfield scoring a touchdown two minutes later.

In the second and third quarters nothing was accomplished by either team. In the third Furr took Butler's place at full back and R. Berry replaced Dikis at left guard.

In the fourth quarter Illinois kicked to Pittsfield and after a few minutes' play Blacketter was injured, receiving a cartilage strain in the chest. A physician was called to give him medical attention. Butler took Blacketter's place. Illinois gradually carried the ball to Pittsfield's 20 yard line when Furr kicked goal.

The playing of Blacketter, Gary, Furr and others of the I. C. team was good, while Nelson, right tackle, and Magnus, full back, were stars on the Pittsfield team. Potter and F. Stewart acted alternately as referee and Magnus, full back, were stars on team piloted the men to the game. 12 1/2 minute quarters were played.
